

The List below is based in part on information provided by the Ballast Manufacturer and Testing was done on a stable AC Power Supply under Laboratory Conditions, which may or may not be representative of your particular End-use Conditions. HyLite LED 10W "Type A" Plug-in Lamps and Bulbs are only Dimmable if used with Dimmable Electronic Ballasts. It is the user's responsibility to check and verify whether the Electronic Ballast is Dimmable or Non-Dimmable.

Applications and Conditions of use are many and varied and beyond our control, so purchasers and users should make their own determinations as to the suitability of a Lamp-Ballast combination for their own particular Application and Use. Compatibility may also extend to Ballasts beyond this list, so performing an On-Site Test before Installation is Strongly Recommended. Failure to Follow Instructions will VOID Warranty.

HyLite HyLite LED "Type A" Plug-in Lamps and Omni-Bulbs have been tested for compatibility to work flawlessly with the Ballasts shown above. HyLite is continually testing "Type A" Plug-in Lamps and Omni-Bulbs on various other Ballasts. We will continue to update the Ballast Compatibility List as additional models are tested. Please contact HyLite about any Ballasts not shown on this list.

Note: Risk of Fire or Electric Shock. Before Installation, check Specifications for the most Current Ballast Compatibility List. If the Ballast model does not appear on this List, please DO NOT Install, until you check with HyLite. Installing HyLite LED "Type A" Plug-in Lamps and Omni-Bulbs without verifying it against the Ballast Compatible List and without testing the Compatibility will void all Warranties. It is the user's responsibility to check and verify whether the Electronic Ballast is Dimmable or Non-Dimmable. Read and Understand all Installation Instructions before installing HyLite LED "Type A" Plug-in Lamps and Omni-Bulbs.
